

**Emmaus
Christian
School**

“This is our moment, together, to shape the heritage we will create for future generations of students and their families and carers”.

Our School remains committed to stewarding the faithful vision given to a small group of very passionate and committed Christian parents who established Emmaus Christian School in the 1990s. We do this alongside our school’s Masterplan, that we’ve taken great delight in seeing come to fruition. This has been made possible with the abundant providence of our faithful God, the blessing of Commonwealth and ACT Government grant money and utilising funds saved over many years from Building contributions.

Our hope is to complete the final projects in our Masterplan – our café, food tech and middle school classrooms will be completed this year – alongside this we’d like to provide beautiful community spaces and sports facilities for students, families, and community to connect (pictured). We also look to the build of our new arts centre and eventually a performing arts facility.

While we know that Emmaus is not about bricks and mortar, these buildings are important in establishing our School, addressing the ageing and unsuitable infrastructure, meeting the needs of school curriculum, and supporting the development of specialisations. We know that Emmaus has positively touched the lives of so many students and families, the impact of this is felt through generations. This is an opportunity to gift into the legacy of Emmaus and establish these final stages on our beautiful school site.
